Experiences

2022-Present

Data Scientist

DATA SCIENTIST · Statwolf 📍

Machine learning modelling, pipeline design and implementation, predictive maintenance for industry, digital marketing, data analysis, dashboard creation and reporting, recommender systems.

2020-2022

Data Science

MASTER OF SCIENCE · University of Padova 📍

Curriculum: Machine learning for intelligent systems, held in English. Grade: 110/110 cum laude.

2017-2020

Statistics for the Technologies and the Sciences

BACHELOR OF SCIENCE · University of Padova 📍

Curriculum: Big data. Grade: 110/110.

Competences

Skills: Machine/Deep learning, statistical analysis, reporting, programming. Specific libraries can always be learned! In Python, I worked with: SkLearn, Pytorch, Tensorflow, Keras, Pandas, Numpy, Matplotlib, Plotly, Scipy, Cv2, etc...

Personal website

Joking site where you can find:

- Personal projects, with pdf report and Github repository;
- An interactive probability distribution invented by me, Massimiliano's M. And other bizarre things!
- Unfortunately, the translation from Italian to English would remove all the jokes I have made, so the English version is not available. However, most of the projects are in English (in the 'Progetti' tab)
